

Innovation in eHealth

Tromsø, Norway 9-11 June 2008

Security guru to Tromsø

Newsletter no 2, December 2007

We are proud to announce that 2 renowned Keynotes have accepted our invitation to elevate the scientific conference on Days 2 and 3 (10-11 June).

Ross Anderson

One of the world's leading figures in data security, Professor Ross Anderson from the Computer Laboratory at the University of Cambridge, will be a keynote speaker at TTeC. He was one of the pioneers of security economics, of peer-to-peer systems, of API attacks on cryptographic processors, and of the study of hardware tamper resistance.

Claus Duedal Pedersen

Claus Duedal Pedersen is International manager of MedCom, Denmark. MedCom is a co-operative venture between authorities, organisations and private firms linked to the Danish healthcare sector. With a degree in Master of economics and with his extensive experience within health telematics, Claus Duedal Pedersen has valuable knowledge within implementation of electronic communication in the healthcare sector and the management of eHealth projects.

Innovation Norway is supporting partner of TTeC 2008

Innovation Norway offers products and services intended to help boost innovation in business and industry nationwide, foster regional development and promote Norwegian industry and Norway as a tourist destination.

With offices in all counties and in more than thirty countries worldwide, we are easy to get in touch with. Our staff's knowledge of local and international conditions will help turn customers' ideas into business successes.

Extended deadline paper submissions

We would like to remind you of the extended deadline for all submissions, Friday 21 December 2007.

Research-based innovation

New this year is that this conference offers recognition to researchers who participate in dissemination of research. This means that research articles approved by a scientific committee will be published in the Journal of Telemedicine and Telecare after the conference.

Registration

Please note that the registration form will open shortly. If you have any queries about general info, practical details, registration, etc, please contact Vibeke Hemmingsen (vibekeh@telemed.no).

Please forward this newsletter to your colleagues and others interested in eHealth and telemedicine. Read more about the conference: www.telemed.no/ttec2008.

Best regards

The Norwegian Centre for Telemedicine
